Extension for
AOR 2000-26

Dear Mr. Levin,

Thank you for informing me by telephone of the action this date by Federal Election Commissioners regarding my request for an Advisory Opinion.

I appreciate very much the thoughtful consideration given my request by the Commission.

It is my understanding that the expedited process under which the original request operated does not give Commission legal staff adequate time for proper legal analysis in preparing a re-draft. Please consider this as authorization for an extension to October 20, 2000 as jointly agreed by us in our oral communication.

If further information is required of me, please let me know.

Sincerely,

Joel Deckard
